International China Concern

LONG-TERM VOLUNTEERS

OUR MISSION

International China Concern is a Christian development organization dedicated to changing lives by bringing love, hope and opportunity to children with disabilities who have been abandoned in China.

OUR VISION

GIVE LIFE

ICC provides holistic care to young people with disabilities who have been abandoned with its care model viewed as a leading example in China.

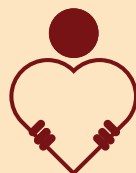

END ABANDONMENT

ICC is devoted to keeping families together by providing expertise and services for families raising children with disabilities.

SHARE VALUES

ICC advocates for people with disabilities, striving to train and empower Chinese officials in order to see lives saved, families supported, communities transformed and attitudes changed.

LIFE-CHANGING EXPERIENCES

Working with the children from International China Concern as an Occupational Therapist has been a life changing experience. Not only did I get to see the children and young people in ICC achieve their therapy goals but I get to have front row seat to watch them grow into the little people that they are meant to be. What a privilege! What's more is that I get to be challenged and transformed from the inside out and to experience God in a completely new way...I wouldn't trade this journey with the children for the world!

ANNA REEVES,
Long Term Volunteer

FOUNDED ON FAITH

ICC's long term volunteers are committed Christians with a sense of calling to China and:

a love for Jesus

a willingness to serve long-term

a servant heart

openness to God's leading

passion for mission

a willingness to work as part of a team to serve vulnerable children, to show the love of Christ

“

I think we can have sense of doing something with our lives but until we actually face it, until we actually take a risk or take a step, it is hard to imagine how rewarding and enriching life can be.

Do I feel fulfilled? Hugely... more than I could have dreamed.

ALLISON KENNEDY,
Long Term Volunteer
